#### Red2Red

The Echo Red2Red Race was a great success again this year, drawing 450 cyclists to Echo along with other visitors.

Here are two comments posted on the city's facebook page: Bev Reed: "We came to the mountain bike race as well. We love your town! We stayed at the RV park just down the street from the starting line, and it was so perfect. On Sunday we lost our dog on the trails on the winery property, and we were sooo sad. BUT, Art, who works at Eagle ranch, found her. She was lying at the stop sign of Oregon

Trail Rd and Whitehouse Rd, and he took the time to get some hot dogs and got her to come to him so

he could see her collar. He called me and it made our day/week/year! We appreciate your town and the hospitality you showed to us. We'll be back next year"

Ina McLean: "I would like to thank the town of Echo for it's hospitality to all us mountain bike racers that invaded your lovely little town today...you made us feel so welcomed. THANK YOU!!!"

## We Noticed Program

It is time to start the "We Notice Program" again this year. Please let us know if you see improvements in your neighborhood or around town that merit notice. You can call 541-376-8411, post it on Facebook or email ecpl@centurytel.net.

#### **Communities in Bloom**

Like AIB, Communities in Bloom (CiB) is designed to promote community beautifica-

tion, increase livability and community pride. Judges visit participating communities each year and make recommendations on the community's efforts in terms of tidiness, floral displays, ur-

ban forestry environmental awareness, heritage, community involvement and landscaped areas.

Participation in these programs and undertaking projects to make the community more livable are not free. That is why we write and ask for donations each year. We know that in tough economic times, it is often hard to find extra cash to make such donations, but donations, no matter how small are appreciated.

Donations provide entry fees, judges

lodging, plaques, plants, mulch, rock, and fund a beautification contest. **Kopacz Nursery** is continuing to sponsor our program by donating annuals for parks & public areas and by planting and raising the town's planters in their green house. Without the support of Tania and Sherrie, we would not be able to continue this program, nor would we have known about AIB.

Planned for 2011 if funding is available:

\*Replacement of deteriorated entry sign at

\*A new entry sign near Golf Course Rd. & Hwy 320 w/art & expansion of rock gardens.

\*Completion of the Farm Equipment Display (a Umatilla County Cultural Coalition Grant is covering

most of the cost of signage and paint) with more rock.

\*A picnic shelter, restroom & playground equipment for the Fort Henrietta Park

\*Arboretum upgrades.

\*Installation of Lexan panels to enclose the Museum Displays at the Fort Henrietta Park. This will stop damage to displays from weather & vandalism. Replacement of Echo History Sign damaged by bullets.

We have received the following donations toward the **2011** program to date: Robert & Marie Tolar \$100; Penny & Ray Shepherd \$25; Suzanne Spike \$25; Anonymous \$160

Our thanks to 2010 Donors: American Printing \$25; Amstad Farms \$100; Anderson Perry & Ass. Engineering \$100, Charlotte Berry \$50; Iva Bishop \$25; Dean & Rita Drake \$50: Eagle Ranch (drop box); Echo Boosters \$50; Echo Firemen \$25; Echo Garden Club \$25; Echo Historical Museum \$25; Echo Quarterback Club \$100; Echo Kiwanis \$25; Janie Enright in Memory of Tom Enright \$25; Fort Henrietta Foundation \$50; Fort Storage \$25; Gene & Jeanie Hampton \$20; Frank & Bev Harkenrider \$50; Doris Pitzer \$25; Power Pro Electric \$100; Purswell Pumps \$75; Swede & Fritz Ramos-\$25; Verlyn & Janet Schulz \$100; Selders Family \$5; Mick & Susan Tolar \$50; Robert Tolar in Memory of Bennie Lee Tolar, Echo Historian \$100; Colleen Williams-golf course floral beds: Umatilla County \$1000;

#### Be aware of the Sun

You probably know by now that making bad decisions when it comes to sun protection can be life threatening. While some people smartly skip the midday sun altogether, others work outdoors in tank tops every

day or hit the beach with a bottle of baby oil, increasing their chances of developing skin cancer. Oregonians have experienced a 2% increase in skin cancer incidence and mortality rates between 1995 and 2002. Oregon, along with Idaho and Washington has higher rates than the National average for skin cancer. Statistics from 2007 show 28.7 people per 100,000 diagnosed with Melanoma compared to 23.5 nationally. If you are of white ances-

try, the rates are 29.3 compared to 25.9 nationally. Our thinner atmosphere, as opposed to the equator, high rate of outdoor living and high rate of fair skinned people, are believed to contribute to skin

cancer rates. Vacationing habits also play a role in our chances of developing ailments related to sun-exposure.

#### Tips for staying safe in the sun:

- Reduce sun exposure between 11 a.m. and 4 p.m.
- Wear protective clothing when working in the yard, hiking or other outdoor activities
- Wear SPF 50 sunscreen when outside.

A Bottle of 50 SPF sunscreen will be one of the door prizes for the Arbor Day/Tree Fair Celebration. On April 21 & sunscreen packets will be in the National Night Out gift bags again this year.

# Easter Egg Hunt

The Echo Volunteer Fire Fighters & Methodist Church are jointly putting on the annual Easter Egg Hunt again this year.

The hunt will be at 9 am on Saturday, April 23. Infants through 4 year olds will be at the church. Children 5 through 8 years at

the Fort Henrietta Park. Children 9 through 12 at the football field.

The Easter Bunny will be at the church and children can

have their pictures taken with him. They will also have face painting.

**Heritage Plaques:** This year as an Arbor Day Project signage will placed at the site of the Heritage Trees named last year.

# Tree Trivia & Topping Contest

Rules: Submit the answers to the questions below on a piece of paper bearing your name & phone number & drop the paper by city hall to be eligible to win a DVD player. The winner will be the entry with the most correct answers. If there is

a tie, the winner will be selected by a drawing from among the correct entries.

1. Name Six Reasons Why Topping Hurts Trees?

| 2. Why is Topping Trees Expensive? |
|------------------------------------|
|------------------------------------|

- 3. People continue to Top Trees despite the fact that Professional Arborists have been trying to educate the public about why they should not top trees for over 25 years. One reason is because people think if a tree gets too big it needs to be topped to keep it from falling on their house. Why is a topped tree more likely to lead to broken limbs falling on your house then leaving the tree along?
- 4. Echo has Six places where Heritage Trees are located, Name one?\_\_\_\_\_
- 5. Echo has been a Tree City for 22 years and only 10 Oregon Cities have been Tree Cities longer. Name One of those cities.
- 6. What is the most common tree in the US. Hint: there are a lot of them growing along Prescott St. \_\_\_\_\_

#### **Debris Piles Prohibited**

As we prepare for the Communities in Bloom Judges, we ask that everyone do there part to make their yard and house look good. Please honor the city's offensive littering ordinance and do not pile yard debris, lumber or other materials on the street right of way or in your yard. Remember that such practices attract rodents and other creatures.

If you pile debris, yard clipping or limbs on the street right-of-way, you can be cited. We ask that people either find a place to put yard debris (and burning barrels) within their own backyards or haul it to the Sanitary Disposal **Transfer Station or the City of Stanfield's Composting Center** by the end of May.

Notice: Hearing impaired contact may be made through the Oregon Relay Service at: TDD/TTY- 711 or 1-800-735-2900
